

Construction Update

Chambers Flat Road Upgrade

December 2023

SEE Civil is the appointed contractor to construct the 3.8 km Chambers Flat Road upgrade between Mount Lindesay Highway to just north of Kings Way.

Norris Creek Road Intersection

Norris Creek Road intersection upgrade is in its final stages, with road resurfacing works expected in the coming weeks, weather permitting.

The road resurfacing treatments used depends on the condition and composition of the road, traffic volumes, and the desired design life.

Once the area has been sealed and asphalted, the temporary traffic signals will be removed from the intersection.

During construction activities, please expect delays, lane switching for work on the opposite lane and reduced speeds.

Traffic controllers will be in place to assist road users during construction activities.

Current works

Zone 1 – Munruben Ambulance Station to Norris Creek Rd

Zone 2 – 1866 Chambers to 1737 Chambers Flat Road

- > Constructing pavements and driveways.
- > Continuing to install stormwater infrastructure along the project.
- > Plant and truck activity for earthworks.
- > Road reserve works, batter treatments and landscaping.

Zone 3 - Norris Creek Bridge

- > **Piling started in mid-October and is now complete.**
- > Significant work is underway for the next phases of construction including, pouring the 8m-high concrete columns and 10m-high headstocks. Headstocks support the bridge spans and transfer the bridge load to the piers below. We aim to complete one of the pier headstocks (pier 1) by the new year.
- > In January 2024, we aim to finish two more headstocks.
- > Beams and deck units have been built off site and after curing will be installed in due course.

Zone 4 – 1545 Chambers Flat Road to Riverina Court

We have made significant progress within Zone 4 and will soon be reaching another positive milestone for the project.

- > **From the end of this month, we will be opening the new section of road from Kings Way intersection towards Riverina Court. Traffic will be able to travel in both directions.**
- > **Both sets of temporary traffic signals at Kings Way intersection and Riverina Court will be removed.**
- > Installing road signage and completing line marking.
- > Topsoil and landscaping.
- > Permanent driveway construction.
- > Prime and seal.
- > Plant and truck activity for earthworks.

Please Note:

Motorists travelling from Kings Way intersection towards the Mount Lindesay Highway (Ambulance Service), please continue to follow road signage, this section of road will remain one way.

We anticipate further traffic changes early in the new year. We aim to re-open all of Zone 4, with traffic travelling in both directions from Norris Creek Bridge towards Riverina Court.

Reminder - December holiday closure

This year's holiday closure will be from **Friday 22 December 2023 to Monday 8 January 2024.**

SEE Civil will not be working during this period.

What to expect

- > Temporary traffic changes — reduced speed, assisted property access and traffic controls for moving plant and equipment.
- > Lane switching for work on opposite lane.

- > Driving on unsealed surfaces.
- > Odour during asphaltting and sealing.
- > Increased truck movements.
- > Temporary changes to property access and driveway gradients which may cause issues for lowered cars.
- > Providing steel plate during property driveway works to maintain access when required.
- > Changes to waste bin collection to accommodate the eastbound closure.
- > Increased noise, dust and vibration.
- > Regular watering to aid dust control.
- > Email or phone advice for directly impacted residents.
- > Drone flights intermittently to capture progress and assist engineering.
- > Weather and site conditions may impact scheduled work hours.

Working hours

Standard construction hours are Monday to Saturday 7 am to 6 pm (excluding Public Holidays)

Out-of-hours works

Residents and businesses will be notified ahead of time
