

Eat Safe Logan Quick Guide to the Legal Agreement

This fact sheet is designed to help businesses understand the Eat Safe Logan 'Agreement to Display Eat Safe Rating'. It is important that food business licensees understand that by signing the 'Agreement to Display Eat Safe Rating' they are agreeing to the following conditions:

1. You can only display your star rating if you receive a 3, 4 or 5 star rating.
2. You are not allowed to display any Eat Safe Logan promotional material until you and Council have both signed the 'Agreement to Display Eat Safe Rating' and you have paid your food licence fees.
3. You can not make copies of Eat Safe Logan star ratings, certificates or other promotional items.
4. You can not display the Eat Safe Logan rating of one business at another business location.
5. You are only permitted to display the most recent Eat Safe Logan rating and certificate. Certificates and other promotional items from previous inspections must be removed from public display once the new star rating promotional material is received.
6. If you would like an electronic version of your relevant Eat Safe Logan logo, you can request a copy by sending an email to council@logan.qld.gov.au or contacting the Environmental Health Team Leader on (07) 3412 4609. You can use this logo on business material such as advertising or menus as long the Eat Safe Logan logo shows your current rating.
7. A business may include/add the Eat Safe Logan logo to menus and advertisements, but cannot create their own certificates or stickers for display within the food business.
8. Any business that has not signed an agreement with Council, but displays an Eat Safe Logan star rating may face legal action.
9. The legal agreement has no expiry date. If you wish to opt out of publicly displaying your business' Eat Safe Logan details, you must provide this information in writing to Council.

If at any time Council becomes aware that you are not complying with the agreement, Council will ask you to remove all non-complying Eat Safe Logan material from public view. If you refuse to do this, a Council Officer will come into your business and seek the removal of the items as they are in breach of the agreement.

If English is your second language, please make sure you have someone to assist you when signing the agreement to ensure you understand the terms and conditions of the agreement.

If you want to display your Eat Safe Logan rating, you must return the signed legal agreement within 14 days. Please post the signed agreement to:

Logan City Council
Environment and Sustainability Branch
PO Box 3226
Logan Central DC
