Waste definitions

Domestic waste – waste brought in by a Logan resident or ratepayer from a residential property. Domestic fees apply. It is not domestic waste if taken from a residential property in a commercial arrangement (see commercial waste below).

Commercial waste – any waste generated and/or transported as part of a service undertaken by a person or business for a fee or reward. Commercial fees apply, even if the waste is from a residential property, or the person delivering the waste is a Logan resident or ratepayer.

Green waste – grass cuttings, bushes, trees, shrubs, loppings or trees, bushes or similar matter. It does not include timber processed products (such as fencing, pallets, posts, wall/floor, sheeting, etc). Timber processed products will be considered domestic waste/commercial construction and demolition waste.
