

# Cycling – Mountain Bike

## Fact Sheet

logan.qld.gov.au

Mountain biking consists of several disciplines, including downhill, cross-country and all-mountain. Depending on the discipline, individuals may compete separately and be timed, or ride concurrently with other competitors. The winner is determined by either fastest or cumulative time or the person that crosses the finish line first or the rider completing the most laps.

HIERARCHY							
Element	State	Regional	Local - Category A	Local - Category B	Notes		
National Mountain Bike Hierarchy	National	Regional		Local			
Total Site Area	Varied	Varied		Varied	Site area dependant on the track resource available and the mountain biking discipline.		
PLAYING AREA							
Playing area size	>100km trails with diverse classifications	E	>20km trails with diverse classifications	E	<20km trails essential, diverse trail classifications non-essential	E	Single track distance.
Trail signage	Trail markers		E		Trail markers	E	Trail signage/mapping and visitor information essential for participant safety.
LED sports lighting (average minimum lux)	Lighting to staging area only		NE		-		
Spectator seating	Shaded area for 200 persons seated track side, can utilise shade trees		E		Shaded area for 50 persons seated track side, can utilise shade trees	E	Space for temporary individual seating or event seating. Spectator areas preferable at significant trail features.
Skills area	Refer to Notes		NE		Refer to Notes	NE	A basic training area to be provided at the trail head, close to amenities with purpose-built jumps and infrastructure for skills development.
SURROUNDS							
Storage (grounds maintenance)	18m <sup>2</sup>		NE		18m <sup>2</sup>	NE	Track maintenance, slashers, shovels etc (6m x 3m bay)
Storage (playing equipment)	18m <sup>2</sup>		NE		18m <sup>2</sup>	NE	Bike repair equipment, marquees, temporary fencing (6m x 3m bay).
Bike parking	Min. 5 bike racks		E		Min. 3 bike racks	E	Bike racks should be fixed to a concrete base.

HIERARCHY							
Element	State		Regional	Local - Category A	Local - Category B		Notes
Bike wash station	Refer to Notes		E		Refer to Notes	E	Hard stand area with Min. 2 vandal proof taps installed. Drainage to the area must be installed to ensure that water drains away from the site.
Player and spectator amenities	Min. 2 unisex toilets plus PWD toilet		E		Min. 2 unisex toilets plus PWD toilet	E	Can be included as part of a shared use clubhouse or public amenities within a park.
Shelter with seating	Min. 2 shelters with picnic table seating		E		Min. 1 shelter with picnic table seating	E	
Event space/ infrastructure	Event areas to include space for bike hire, bike sales and repairs.	E	Event areas to include space for bike hire, bike sales and repairs.	NE		Space for temporary individual seating or event seating. Spectator areas preferable at significant trail features.	NE
Drinking water	Refer to Notes		E		Refer to Notes	E	Vandal-resistant water bubbler and spring-loaded/ vandal-resistant tap at half height for filling of drink bottles and water coolers. Drinking fountains are to be inset into a 1m x 1m (min.) concrete pad, appropriately graded, with metal drainage grate, and pipework connected to stormwater infrastructure (preferred) or appropriately sized soak pit. Drinking fountains are to be located close to, but not impeding, primary access points to playing areas, generally immediately offset from a concrete pathway. The location/s shall avoid safety risks caused by slippery ground surfaces caused by excess water.
