

Murcot Drain Rehabilitation Project

Location

Murcot Street and Sylvia Street,
Underwood

Benefits

building a more resilient and
reliable stormwater network

allowing stormwater to drain
more efficiently

helping protect people
and property.

What is happening?

We are delivering 110 meters of new storm water drain infrastructure between Murcot Street and Sylvia Street, Underwood.

Drain reconstruction works will include:

- › Removal of existing concrete drain (where required)
- › Re-shaping drain to new design
- › Placement of pre-cast concrete block elements and drain base
- › Pumping and pouring new concrete drain base
- › Vegetation removal and tree trimming (where required)
- › Boundary fence reconstruction (where required)

Murcot Drain Rehabilitation Works

LEGEND

- property boundary
- ▨ drain construction works
- - - fence reinstatement

What can I expect?

Every effort will be made to minimise disruption during these works. However, some temporary impacts can be expected.

Temporary Impacts

- › Changed traffic conditions including reduced speed limits, short term lane closure and detours (as needed).
- › Increased noise, dust and vibration.
- › Temporary disruption to boundary fencing. Affected residents will be notified in advance.
- › Clearing of vegetation and tree trimming where required

What are we doing?

- › Traffic control and site representatives to assist motorists and pedestrians.
- › Traffic changes will be communicated via electronic signs. Motorists and pedestrian are encouraged to plan their journey and allow extra travel time.

When is it happening?

Main works will commence late-July 2024 and are expected to be completed in October 2024, site and weather conditions permitting.

Works will generally occur Monday to Friday, between 6:00 am to 6:00 pm. Should works extend beyond these hours, we will notify affected residents.

Project funding

These works are aimed at reconstructing the road and drainage network in our city following the major rain event of 2022.

This project is jointly funded by Commonwealth and State Governments' Disaster Recovery Funding Arrangements (DRFA) for the Restoration of Essential Public Assets and the programs Betterment Fund.

Contractor appointed

We have appointed a contractor, DOVAL Constructions to undertake these works.
