

Notice of work

Logan City Council | SEPTEMBER - OCTOBER 2024

Fletcher Road, Bethania Line Marking Night Works

Logan City Council is commencing line marking refreshing works in your local area. These works are part of Council's continuing program to improve the road network in our City.

WHAT IS HAPPENING?

Localised road pavement line marking and associated works will be carried out on Fletcher Road, Bethania.

We have appointed Allstate Linemarking Services Pty Ltd to carry out these works.

WHEN IS IT HAPPENING?

Works are scheduled to be undertaken between September and early October 2024. It is anticipated these works will take 4 shifts to complete, however the timing and duration are subject to weather and construction conditions.

To reduce impacts on motorists, these works will be carried out at night between 7:00pm and 5:00am.

WHAT CAN I EXPECT?

We will aim to minimise disruption during these works. However, some localised construction impacts will be experienced such as:

- Changed traffic conditions including reduced speed limits, temporary lane closures and associated traffic detours. Site representatives will be available to assist motorists as required.
- Temporary loss of street parking (if applicable).
- Temporary storage of equipment and materials in the road reserve as required.
- Increased levels of noise, dust and vibration at times. The site team will implement measures to reduce these impacts as much as practical.

FOR MORE INFORMATION

If you have any queries about these works, please contact Council's Road Construction & Maintenance Branch:
