

Eagleby Master Drainage Upgrade Temporary Road Closure

Dear resident,

BMD on behalf of Logan City Council wishes to advise upcoming temporary road closures in your area.

Where	Logan Street, Fryar Road and Conoble Court, Eagleby (see map overleaf).
When	10 - 14 November, 7 pm to 5 am
Please note	Works may be temporarily delayed due to weather or site conditions at any time.

What is happening?

BMD is completing road resurfacing works at the Logan Street and Fryar Road intersection from 10 to 14 November.

The intersection at Logan Street and Fryar Road will be closed for nightworks, with detours in place.

What can I expect?

Some of the temporary changes include:

- traffic delays
- reduced speed limits
- driveway access restrictions
- at times – odours, noise, dust and vibration.

We aim to minimise disruptions and appreciate your patience and cooperation to help us complete the works efficiently.

You will have local access to your property most of the time, even if signed as 'road closed'. If you need access, please speak with the traffic controllers. They may escort

you through the work zone or ask you to wait for a short time until it is safe to drive.

More information

Be prepared

- Do not park vehicles on the road near the closure area.
- For safety, follow instructions and signage.
- Avoid entering the work zone.

Scan the QR code to find out more about the Eagleby Master Drainage Project.
